## **Comments**

If you have any comments about the Issues and Options Document or the Sustainability Appraisal please set them out in the box below. If your comments are in relation to a specific question or chapter of the Issues and Options Document then please state which question or chapter your comments relate to.

The route of the Shaftesbury eastern bypass should continue to be protected. To remove this protection because funding may not be available in the foreseeable future is not acceptable as it would effectively block any practicable route in the future.

About 20 years ago Dorset County Council capitulated to objectors against the then proposed bypass around Melbury, which was an essential element of the Shaftesbury eastern bypass and the town of Shaftesbury has suffered from chronic traffic congestion ever since. This failure has condemned the residents of Melbury and those living east of Christy's Lane in Shaftesbury, to a miserable existence.

Both Dorset County and North Dorset District Councils acknowledge the need for improvements to the A350 corridor but appear to lack any motivation to ease the problems for the communities of Shaftesbury and Melbury.
