## Part B – Representations

Please answer as many questions or as few questions as you wish. There is a box at the end of the form where you can provide any comments that you may have.

### Housing

- Do you consider that a housing need figure of 366 dwellings a year is an appropriate figure on which to plan for housing growth in North Dorset? If not, please set out what you consider to be an appropriate figure and provide reasons for this.  
 Yes   
 No

*If you have answered 'No' please set out an alternative housing figure and provide reasoning to support your answer.*

This is not possible for a lay person to assess. My guess is that, with Brexit, the upward trend in UK population is likely to diminish!

Any number needs to take into account land already allocated to developers and not yet used, and the use of brownfield sites – rather than using greenfield land.

### Employment

- Do you consider that additional employment land should be allocated for development at Blandford as part of the Local Plan Review?  
 Yes   
 No
- Do you consider that there is a need to allocate additional employment land in any other part(s) of the District?  
 Yes

No

**Spatial Strategy**

4. Do you consider that the existing spatial strategy, as set out in LPP1, should be amended to allow for some limited growth at Stalbridge, beyond just meeting local needs?

Yes

No

5. Do you think that the Council should consider implementing any other alternative spatial strategy through the LPR? If so, please explain your reasons why.

Yes

No

*If you have answered 'Yes' please set out your alternative spatial strategy and provide reasoning to support it.*

8. What are the additional infrastructure requirements that are likely to result from potential future development at Blandford?

*Please set out what you see as the additional infrastructure requirements.*

**Gillingham**

9. Do you agree with the conclusions regarding the areas of search identified at Gillingham?

No

13. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

Yes

No

*If you have answered 'Yes' please set out what you see as the further issues.*

Shaftesbury is a unique location, with a unique quality, which attracts a significant revenue from tourists. Development beyond existing boundaries may destroy this asset irrevocably.

There is a need to preserve green belts to prevent Shaftesbury, Motcombe and Shaftesbury becoming a sprawling conurbation.

14. What are the additional infrastructure requirements that are likely to result from potential future development at Shaftesbury?

*Please set out what you see as the additional infrastructure requirements.*

Education and Health Services are already near breaking point from previous population expansion without corresponding investment in the infrastructure. Please address these first before even thinking about further housing.

If this point is not already accepted, please put into place an impact assessment to demonstrate what is our common experience.

**Sturminster Newton**

15. Do you agree with the conclusions regarding the areas of search identified at Sturminster Newton?  
Yes   
No
16. Are there any further issues relating to the areas of search that you think should have been considered as part of the assessment process?

*Please set out what you see as the additional infrastructure requirements.*

**Stalbridge**

18. Do you agree with the conclusions regarding the areas of search identified at Stalbridge?

Yes

No

If you have answered 'No' please set out your alternative approach and information/reasoning behind this.

### **Affordable Housing**

Yes

No

23. Do you consider that the existing policy approach, which seeks to prevent exception sites coming forward adjacent to the four main towns within the District, should be amended?

Yes

No

24. Do you consider that the Council should continue with its existing policy approach, which allows for a small number of market homes on rural exception sites?

Yes

No

### **Self-Build and Custom-Build Housing**

Yes

No

b. Updating Policy 7 (Delivering Homes) in the Local Plan Part 1 to promote the provision of serviced plots of land for self-build housing.

**Comments**

If you have any comments about the Issues and Options Document or the Sustainability Appraisal please set them out in the box below. If your comments are in relation to a specific question or chapter of the Issues and Options Document then please state which question or chapter your comments relate to.

This a very complicated form – giving lots of technical details, but little access to principles. People are not well served by being dumped in large estates in unfamiliar areas with few facilities and far away from job opportunities. Housing should not be considered in isolation from other issues – it is not the way to build community.

There seems to be a desire to plan for using greenfield sites when existing brownfield sites and allocated housing land has not been used.

Do you wish to be contacted about future consultations relating to the Local Plan Review?
