## Comments

If you have any comments about the Issues and Options Document or the Sustainability Appraisal please set them out in the box below. If your comments are in relation to a specific question or chapter of the Issues and Options Document then please state which question or chapter your comments relate to.

Dorset is a county of beautiful villages & small towns, (No motorways Thank goodness.) That many people come to enjoy. There few to fill it with housing & development is a very unwise thing to do.

Shaftesbury is on the top of a hill. so we are restricted by how much more building is there possible to take on.

The people that now live here, most have more than one child, so we must have another school. The one we had was sold to build more houses. 'how wrong can you be?'

The doctors cannot cope with influx, and find it hard to get more new doctors to help.

We must have the New Bypass built & soon as possible to accommodate the amount of traffic & other roads repairing, including lanes.

It has been noticed that there are places in Gillingham on the main road, that have been up for sale for industry for a few years, so why do you want more land for development?

They need more parking at the station for people to use to get to work in large towns.

The small towns are not doing well. Shaftesbury has not enough room for parking, so people are going further.

Keep the country side we need it.

*Continue on a separate sheet if necessary*
