Dear Mr James,

I am writing to tell you that I oppose the proposed extension to the proposed development.

There will be too many people in the area, too much traffic, awful to get across the ring road. It sometimes takes 10 minutes to get out of our road so I can't imagine what it would be like if there are another 1,000 to 4,000 people over the road also trying to get onto the road. I won't be able to get a Drs appointment, dentist appointment and parking and traffic will be dreadful.

I am opposed to the development as a whole and to the proposed extension in particular.

Yours sincerely

David Lindsell
