Dear Ms Jordan,

The Inspector would appreciate clarification on what exactly 'holiday accommodation' covers in relation to potential CIL charges/exclusions and he wonders whether a revised definition might be helpful. Similarly, he is not clear whether 'second homes' would be subject to CIL and feels some additional wording could remove any possible confusion.

If the Council were minded to suggest any revisions to the definition of these terms he would consider whether to recommend these as modifications to the CIL.

Yours sincerely

Paul Crysell
Inspector
