Motcombe Parish Council has read the Plan and generally support the contents. There are elements that would affect the residents of Motcombe Parish and our comments to support those elements are shown below.

**5. Please give details of any suggested modifications in the box below.**

1.6: is it realistic to have a population plateau and no new development as early as 2026. The future impact on Education is of particular concern.

2.2 Parking provision has changed since the map was drawn. Consideration to the impact of insufficient parking on residents of surrounding villages needs to be considered in line with planned reductions in bus services. The success of Shaftesbury businesses depends not just on residents and tourism but on local users.

3.1 P28: the decision not to consult on attitudes to future housing means there is no evidence to challenge pressure for more building in the future. The level of response to the Plan could also mitigate against future opposition.

3.1 P28: Motcombe would also like to see mention of the need for drainage to be considered in relation to this village as it experiences considerable run off from Shaftesbury.

3.5 P36: while supporting the idea of traffic limitation in the Town Centre, the impact on traffic flow around the Town needs consideration; the proposed by pass could quickly reach saturation. However, we support the idea of a by pass.

6.1 P70: Motcombe residents have access to Leisure facilities at Port Regis School and three miles away in Gillingham, however any new provision in Shaftesbury could also be used and this should be taken into consideration when planning both the facilities and parking spaces.

6.2 P79: Parking at Abbey View surgery is already difficult and further expansion without more parking spaces is not viable.

App H: the change of Academy Trust which moved Primary (one school) and Secondary Education to Sherborne Academy Trust happened after the Plan was completed. The impact of this change is unknown but the current and future Primary School numbers need to be considered in relation to children attending neighbouring Schools. Motcombe currently has 70 pupils who reside in Shaftesbury and it is questionable whether these numbers could be accommodated in the current Shaftesbury set up.
